## Career Objective

Aspiring Software Developer with a strong foundation in programming and problem-solving, driven by a passion for technology and innovation. Eager to design and develop efficient, user-centric applications that enhance everyday experiences. Seeking an opportunity to contribute to dynamic projects, expand technical expertise, and add value to a forward-thinking organization through creativity, collaboration, and continuous learning.

## Education Qualification

| Degree | Institution | Year | Result |
|---|---|---|---|
| B.E in CSE | Sambhram Institute Of Technology | 2026 | 8.5 cgpa(till 6th sem) |
| 12th (PCMC) | Jindal Girls PU College | 2022 | 91% |
| 10th | Gurushree Vidya Kendra | 2020 | 84% |

## Technical Skills

- Programming Languages: Java, Python, C, C++
- Web: HTML, CSS, Javascript
- AI & Emerging Technologies: Generative AI, Machine Learning Basics, Deep Learning Basics
- Database & Tools: VS Code, Power BI
- Microsoft Office(Word, Excel, PowerPoint)

## Projects

- **Farm-to-Farm Marketplace Platform**
  Developed a two-way digital marketplace that enables farmers to buy and sell fresh produce directly, eliminating intermediaries and ensuring fair pricing. The platform promotes transparency, supports local trade, and helps farmers maximize profits while providing access to high-quality produce and agricultural resources.
- **Sign Language Translational System**
  Sign Language Recognition and Translation System – Built a real-time system that recognizes sign language gestures using a camera and deep learning, converting them into text and speech. The system also takes text input and generates a 3D avatar performing the corresponding sign gestures, enabling two-way communication between hearing-impaired and non-signing users for more inclusive interaction.

## Internship

- **SkillCraft Technology - Android Development Intern**
  - Developed Android applications using Java/Kotlin and integrated REST APIs. Gained hands-on experience in debugging, version control (Git/GitHub), and collaborative development workflows.

## Certificates

- **The Web Developer Bootcamp 2024 – Udemy**
- **Power BI and Data Visualization – Vtricks**
- **Data Analytics with Power BI – Vtrics**
- **Techno Spark Coding Event Participation**
- **Internet Of Things – EXCELR**
- **Cloud Computing (Azure, AWS) – Vtrics**

## Strengths & Languages

- **Strengths:** Problem-solving, Logical thinking, Team collaboration, Quick learner
- **Languages:** English, Kannada
